ABOUT US

INTRODUCTION

Established in 1989 by Jimmy Oentoro, World Harvest serves as an international non-profit organization dedicated to transforming communities, improving cities, and impacting nations.

Driven by three strong pillars, Education, Community, and Media Services, World Harvest focuses on building self-sustaining communities by serving and empowering people regardless of their ages, genders, religious beliefs, races, and ethnic backgrounds. Our strategy is threefolds:

- Transform and equip communities.
- Support children with access to quality education.
- Provide holistic health care services to underprivileged segments.

This strategy is underlined by our mission to prepare and to empower future leaders around the world.

At World Harvest, we fundamentally believe: "WE CAN CREATE A BETTER TOMORROW TOGETHER"

OUR VALUES

**We were born in Indonesia.
Green is the color of our land**

**We provide opportunities to collaborate
& to empower underserved segments**

**We uphold integrity, unity, and
excellence as our core guiding values**

**We work to share God's love
through world mission**

OUR VISION

IMPACTING THE WORLD THROUGH

EDUCATION SERVICES

COMMUNITY SERVICES

GREETING FROM THE CHAIRMAN

DR. JIMMY OENTORO
Founder and Chairman of WorldHarvest

Dear friends,
It's hard to believe another year has passed. At World Harvest, we truly believe that no act of kindness is ever wasted. Every seed of generosity we plant leaves a significant impact on the communities we are consistently trying to help nurture and grow. When we invest in children, families, and communities, we are actively participating in creating a better tomorrow for marginalized populations. Our commitment is to continue to create opportunities for those in our communities that tend to be overlooked. We believe in dignifying and empowering people to attain their dreams. Year after year, we partner with various communities to empower individuals to exercise freedom over their own destinies and those who come after them.

With your support, this past year, we launched a number of grassroots initiatives to help alleviate the chronic conditions affected by COVID-19 through our COMMUNITY vehicle.

We helped over 1000 sponsored children between 2021 and 2022 throughout 17 communities in Indonesia. Besides supporting their education, we also set up Free Healthcare Centers to provide primary healthcare services. Over 3.000 community members benefited from this.

Aside from our community work, we also doubled down our EDUCATION efforts.

As a highlight, Harvest Christian School successfully attained a grade A certification from the National Accreditation Board. In parallel, we are making plans to expand the impact of HCS by advancing to middle and high school programs.

Furthermore, as one of the leading Theological institutions in the country, Harvest International Theological Seminary (HITS) has continually committed to equipping and empowering students through biblical knowledge and principles.

Lastly, in quarter 3 of 2022, we launched the new SOTN Jakarta building in the center of West Jakarta.

Aside from our COMMUNITY and EDUCATION vehicle, our MEDIA PILLAR also expanded its partnerships with various digital platforms this year. For the past few years, our media vehicle collaborates with various giants in digital platforms including MyRepublic, TransVision, UseeTV, and Vidio.com. It has successfully broadcasted to different media networks and values-based content to over 60 million potential viewers globally.

What an impactful and activity-filled year! Without your continuous support, we would not have been able to achieve all the milestones we were able to accomplish. I truly appreciate your partnership and generosity. Together, we can do so much more good for our communities. Thank you for partnering with us.

Jimmy Oentoro

GREETING FROM THE VICE-CHAIRMAN

As we look back at 2022, our hearts are filled with immense gratitude for the role you have allowed us to play. With so many challenges and natural disasters HAPPENING this year, we realize that our role is more important than ever to bring not only help but also lasting transformations in the communities we are operating in.

Without your generosity and commitment, we couldn't have done all that we did. Thank you!

Daniel Hanafi

DANIEL HANAFI
Vice Chairman of World Harvest

SUMMARY OF THE ACHIEVEMENTS OF IMPACT PROGRAM IN INDONESIA

01

NO POVERTY

- Employed over 50 individuals in various fields of work
- Provided an assistance in micro finance fund to over 50 families

02

ZERO HUNGER &
GOOD HEALTH

- Distributed over 2000 care packages to underprivileged families
- Set up Free Healthcare Centers to provide primary healthcare services to over 3000 participants
- Initiated Covid-19 Vaccination Centers with over 1000 participants
- Distributed over 1000 kg powdered milk to unprivileged children
- Actively participated in disaster relief initiatives in East Nusa Tenggara, Sorong, Lumajang, and Cianjur.

03

QUALITY EDUCATION

- Provided education funding for over 1000 children through our Sponsor A Child Program
- Empowered over 300 students from kindergarten to senior high at Harvest Christian School.
- Provided quality education at Wahana Harapan Schools in 4 different locations, with over 600 active students
- Admitted 300+ students in Harvest International Theological Seminary, with degree from Bachelor, Master and Doctoral programs
- Established the School Of Technopreneur Nusantara that offers Bachelor degree with over 40 active students

04

GENDER EQUALITY

- Employed 96 female and 67 male staffers across various fields of works
- Empowered a handful of men and women community leaders to become local partners

05

DECENT WORK AND
ECONOMIC GROWTH

- Involved in supporting economic growth by actively giving assistance in microfinance loans to over 50 community members
- Opened a Wahana Harapan Vocation High School (SMK) as a continuation of the junior high program at Tegal Angus

06

REDUCED
INEQUALITIES

- Our program supports members from various ethnics and religious backgrounds
- We provide opportunity in our educational institutions for students from varying backgrounds

07

SUSTAINABLE CITIES
AND COMMUNITIES

Continued building resilient education and healthcare centers through community-driven initiatives led by World Harvest

08

PARTNERSHIPS
WITH OTHER
ORGANIZATION

- World Harvest USA
- World Harvest Europe
- Joyce Meyer Ministries
- Various Media Partners

The 2030 Agenda for Sustainable Development, adopted by United Nations in 2015, provides a common blueprint for peace and prosperity for people and the planet, now and in the future: The 17 Sustainable Development Goals (SDGs), which are an urgent call to action by all countries – developed and developing – in a global partnership. World Harvest takes part in 17 Sustainable Development Goals (SDGs) by meeting 9 Sustainable Development Goals (SDGs). World Harvest's contribution in fulfilling the goals proclaimed by the United Nations is expected to bring peace and prosperity to the nation and the world.

COMMUNITY SERVICES

COMMUNITY SERVICES

CHARACTER AND LEADERSHIP SEMINAR

In collaboration with local partners, we hosted a plethora of character and leadership seminars in 2021 and 2022 across Tangerang, Bogor, Jakarta, and Aceh. The seminars were attended by over 2.700 participants.

HEALTHCARE SERVICE

Last year, to support the Indonesian government in promoting a Herd Immunity, World Harvest and Wahana Harapan Schools, collaborated with IFGF Jakarta Church, the Tangerang District Health Office, Tegal Angus Health Center, and Kutai Health Center, we set up a COVID-19 Vaccine Center in 4 locations - World Harvest Center, Wahana Harapan schools in Kedaung, Tegal Angus & Kampung Melayu. Almost 1000 participants received the vaccination. This activity reflected the commitment of World Harvest to continually support the government programs to promote & to increase the well being of the people throughout the country.

HEALTHCARE CENTERS

In the past 2 years, we provided free healthcare services for general checkups and dental treatments, for over 3.000 participants across Tangerang, Bogor, Jakarta, Bekasi, Aceh, and Sorong (Papua). Our dedicated doctors & dentists passionately served the patients.

PREVENTION OF MALNUTRITION

We are actively involved in preventing malnutrition by providing nutritious food for children in our adopted communities. Some of the highlights in the past two years, we distributed over 2.000 care packages of nutritious food and gave over 1 ton of milk to community members.

INTEGRATED EDUCATION

During the pandemic, we continually provided financial support for over 1.000 children from Tangerang, Bogor, Jakarta, Aceh and Sorong. With the assistance of our local Community Development partners who visited the sponsored children regularly with the purpose to ensure that all of these students received quality education.

LEADERSHIP AND SKILL DEVELOPMENT

Our programs are not only supporting children to pursue their education, but we are also committed to empowering their characters and skills as well. We hosted a number of skills-based seminars from photography to woodworking in our communities. The various seminars were conducted according to the request and the needs of the people, and it received positive feedback from the participants.

MICROFINANCE EMPOWERMENT

We don't only provide support for the children but also for the families that need support in their micro enterprises. We provide small business loans & also empower them with knowledge & skills to enhance their businesses.

STORIES FROM SPONSOR A CHILD ALUMNUS

GLORIA LUTURKEY

Being raised in an underprivileged family did not stop Gloria from having big dreams and going after them. Gloria had successfully completed her Master degree in Educational Management at Pelita Harapan University. Gloria is a testimony of how together with our donor we can provide a springboard to a life filled with opportunities. Truly, dreams come true with hard work, resilient and persistency.

MARCO NATANAEL

After graduating from high school, he received an offer to work in a tax consulting office as an administrator. While he was working, he also enrolled to continue his study at UBSI Cengkareng, where he majored in Accounting.

Although Marco was born into an unprivileged family, his father works as a daily laborer and his mother is a full time mom, the dire economic condition did not stop him from working hard in pursuing his education goals & dreams.

“Thanks to World Harvest’s Sponsor-A-Child Program, I was able to achieve my education target. World Harvest also played a huge role in providing curriculums in character development which benefited me to become a better student. I was also thankful that the program allowed me to communicate with my donors and enabled me to develop a relationship with them.”

I am extremely grateful for World Harvest and my donors.”

STORY FROM MICROFINANCE

MR. ARIF & MRS. AYU

Mr. Arif worked as a children's toy seller in the Teluknaga District located in Tangerang, Banten, and Mrs. Ayu is a full time housewife.

Due to the Covid-19 pandemic, many schools in the area were closed and it forced him to close his small business.

The couple took the initiative to participate in our microfinance program. With the financial assistance received, Mrs. Ayu is now a pride owner of a food stall.

MRS. SUPARTI

Mrs. Suparti is one of the mothers of our sponsored child. In March 2020, her husband lost his job. They have 4 children.

To support the family, she opened a small kiosk where she sold homemade snacks. In 2021, with the help of financial assistance from our microfinance program, she was able to expand her kiosk and to increase her income which was very much needed to support her family of 6.

The page features a white background with green geometric shapes in the corners. A dark green triangle is in the top right, and a dark green triangle is in the bottom right. A lighter green shape is in the bottom left, and a lighter green shape is in the top left.

EDUCATION SERVICES

EDUCATION SERVICES

HARVEST CHRISTIAN SCHOOL

(HCS) Harvest Christian School was established in 2008 with a vision to integrate knowledge, experience, and biblical values to raise future leaders. In the midst of the pandemic, both teachers and students worked hard to finish the school year strong through online learning. All activities, including the Open House event, Easter Celebration, Independence Day Celebration, Christmas Celebration, and Graduation ceremony were done virtually.

HCS also received an A-grade accreditation from the National Accreditation Board, depicting the quality of the education of the institution. For the years ahead, HCS will continue to commit for being a national plus school that teaches the importance of integrity, empowers students with advanced learning amidst the constant evolution of knowledge and technology, and equips teachers with proactive training. For the past 15 years, over 2.617 students have been enrolled here. In 2022, 69 students graduated to pursue higher education. We salute all the teachers, parents, and students that worked hard together to make this unusual year another successful one.

* One of HCS' students, Kaylee Rathana Tandjung - grade 7, won ITF ASIA 12 & Under Team Competition 2022 - South East Asia (SEA) Regional Qualifying Event.

STORY FROM HCS TEACHER

MR. RIO RAFEL

I'm truly blessed to be part of the World Harvest and Harvest Christian School Family.

It's been a difficult time for us, especially in these past 2 years when the COVID-19 Pandemic broke out. All school activities suddenly stopped and we had to adapt to a new way of online learning which gave us many new challenges.

2 years have passed with many ups & downs, but now here we are; the school is opened and we returned to onsite learning, and I am excited to see all my students & to teach them face to face again.

I believe it's going to be a great year for all of us both the teachers & the students as we will grow together & the future is bright .

HARVEST INTERNATIONAL THEOLOGICAL SEMINARY

One of the values that World Harvest adheres to is the ability to raise well-informed leaders who encompass integrity, knowledge, and compassion. As one of the leading theological seminary in the country, the faculty strives to provide a strong foundation of biblical values that is applicable and relevant so that our students can contribute and bring positive influence and impact to their families, colleagues, and society at large.

As an institution, HITS offers a Bachelor of Arts degree in Theology, PAK (Christian Education), Church Music, and Christian Leadership. HITS also offers a Master of Theology (MTh.) in Christian Leadership. Doctor of Theology (DTh.) in Christian Leadership and Doctor of Ministry (DMin.) in Christian Leadership as well.

Many of our graduates have spread all over the nation and beyond, with various occupations such as Vice Chancellor of university, lawyers, lecturers, officials in church synods, pastors, and other fields.

STORY FROM ALUMNI HITS

ANTON KURNIAWAN SIDHARTA, M.TH - MASTER'S DEGREE (MAGISTER)

My name is Pastor Anton Kurniawan Sidharta, an associate Pastor of JKI Maranatha and founder of “ Unlimited Fire Youth”. What makes HITS different from other theological schools and seminaries? Because in HITS we are equipped not only in theological perspective but also in leadership knowledge. I believe this knowledge and skill combined is essential for any leader, pastors, or young leaders to bring a significant impact to the world. I learned so many things in HITS, and most of all I learned how to be a transformational leader. I’m so blessed to have this opportunity in my life.

GIDEON SIMANJUNTAK, D.TH - DOCTOR'S DEGREE (DOCTORATE)

Hi, I'm Pastor Gideon Simanjuntak from Tiberias Church Indonesia. I chose HITS for my education because, first of all, the curriculum is relevant and I personally feel equipped. Secondly, I can build a good network with other fellow students. Thirdly, I feel welcome here because we respect each other regardless of our denominations & backgrounds. Furthermore all of the lecturers are qualified & knowledgeable in their respective fields , and above all they care & love the students. Last but not least and most importantly, I feel a healthy, supportive atmosphere that encourages us to be an extraordinary leader.

SCHOOL OF TECHNOPRENEUR NUSANTARA

The mission is to raise technopreneurs by administering curriculums based on Technology, Entrepreneurship, and Leadership. Our curriculum offers technology-based programs such as Information Management Systems, Programming and Networks, and Entrepreneurship in the digital age. With these courses, we equip students to become creative thinkers, creators and to have the ability to optimize ever-changing technology for their future jobs or businesses.

At SOTN, we always strive to improve our quality to support our students. On September 2022, we launched our new campus building in the center of West Jakarta. Our campus is designed & equipped to provide a positive learning environment & to support students' activities.

STORY FROM A STUDENT AND AN ALUMNI OF SOTN

SILVANA NUR FAUZIAH

Hello! My name is Silvana Nur Fauziah and I am a third semester student at SOTN. Beside a regular class program, the school also has a program for working people like myself with a more flexible class schedule. I have enjoying my study here which provides me with not only relevant subjects that equip me for my future career but also with the facilities that support my learning process. Furthermore the school also provides scholarship support which enables me to study in this institution.

I am grateful for being able to continue my education here which prepares me for a better future.

ROBERT

While studying at STMIK Kuwera or what is now known as the School of Technopreneur Nusantara, I was exposed to different subjects and knowledge which were very useful and applicable for my current employment. In this institution, I learned the function of the computer language and the importance of the business world.

A friendly environment, knowledgeable and kind lecturers, comfortable classrooms, and good facilities supported my enthusiasm for learning. I was also honored to serve as a Chairman of the Student Council. It was a privilege for me and it taught me to pay attention to the development of students and the progression of the campus.

Finally, I am grateful for the experiences that I have in SOTN & it will always be part of my journey.

WAHANA HARAPAN SCHOOL

Education is an integral part of growth and freedom. Education is one of the key definers of change and is the catalyst to empower people to create the lives that they dream of. Wahana Harapan School's mission is to provide quality education for children in disadvantaged communities.

The eight schools we have built over the past few years in four locations include:

- Wahana Harapan School, Kedaung, Banten (Kindergarten, Primary)
- Wahana Harapan School, Kampung Melayu, Banten (Kindergarten, Primary)
- Wahana Harapan School, Tegal Angus, Banten (Kindergarten, Primary, and Secondary)
- Wahana Harapan School, Nias (Kindergarten)

In the midst of the pandemic, our dedicated teachers went the extra miles by visiting students from house to house although they had difficult access due to the road conditions in getting to their homes. The teachers also held classes in open areas to teach their students. The purpose of the visitations were to assist students to keep up with their studies because the majority of them had limited access or none to the internet. These endeavors resulted in the students passed to the next grade with good & satisfying grades.

WINNING STORY

KAREL ANTONIUS YUSUP AND PRISILLIA ABATAN TABOY

Karel and Prisilia continue to make Wahana Harapan School proud by winning the first place in Mathematics competition and a third place in Science competition, at Teluknaga district Science Olympiad which was held on March 23, 2022. The Science Olympiad was taken place at SDN Kampung Melayu and was attended by 48 students from 10 elementary schools around the district. As the first winner, Karel was chosen to represent the district to the National Science Olympiad on May 17, 2022. He was ranked 14th out of 78 participants.

Congratulations to Karel and Prisillia!

MEDIA SERVICES

MEDIA SERVICES

U CHANNEL

The media is a powerful platform that has the power to significantly influence and empower people both in rural and urban areas. Media, in the form of television and other digital programs, play a huge part in shaping the attitudes, values, and behaviors of the viewers. With this in mind, U Channel is committed to producing quality programs that not only entertain the viewers but also provide positive and educative programs that will enhance, encourage and empower the lives of the viewers.

As we work with various digital platforms, U Channel can be accessed from any smartphone and can be watched on the following platforms:

- Satelit Telkom 4 Satelit Merah Putih: Polarisasi Horizontal, frequency 4080 Mhz
- MyRepublic (Channel 286)
- TransVision (Channel 777)
- UseeTV (Channel 871)
- Usee TV Go through Web/ Google Play/App Store
- Vidio through Web/ Google Play/App Store
- Streaming **www.uchannel.tv**

With a substantial increase in viewership every year, we aim to reach 60.000.000 potential viewers around the world through satellite and digital platforms.

U-CHANNEL TV TESTIMONIALS

FROM: +62 856-4305-***

We look forward to the continuous expansion of the U channel in the entertainment industry. We are glad that in the midst of changes, U Channel remains faithful in broadcasting the truth of God's word.

FROM : +62 821-2973-***

My family and I always watch Joseph Prince's sermons on U Channel TV. His sermons always encourage us, continuously build our faith and provide an explanation of God's infinite love. Thank you very much U channel for maintaining his broadcasts. God bless your ministry. Amen.

FROM: +62 852-9604-***

Shalom U channel, We want to express our gratitude to you. Thanks to your continuous prayer and support, our son finally graduated and became a member of the national police. Praise the Lord. Once again, thank you.

Note: WhatsApp chats from audience have been translated into English by U-Channel team for Annual report purpose

WORLD HARVEST

EUROPE & USA

HIGHLIGHT OF WORLD HARVEST EUROPE

SHARING THE JOY OF CHRISTMAS BY SERVING THE LESS FORTUNATE PEOPLE

For the third time over the last few years, World Harvest participated in the annual Winter Wonderland event, which was designated to give Christmas gifts to the homeless and the marginals. This event was organized in collaboration with Food Bank Hope for Tomorrow, Red Cross, Heart Foundation, and Postcode Lottery. Over 1.000 people came to this event and we had the opportunity to give over 350 gifts containing different kinds of food supplies.

KING'S DAY CELEBRATION

After all pandemic restrictions in recent years, we were allowed to celebrate a real King's Day together for the first time this year. On this occasion we opened an Indonesian food stall, we sold Nasi Rames (Javanese mixed Rice) and our famous Harvest Satay (skewered meat). We also had the opportunity to introduce World Harvest mission to those that came to our stall. It was a great success and our food were sold out.

HISTORICAL FESTIVAL

This year, World Harvest was fortunate enough to participate in the Historical Festival. This was made possible in part by Mr. Tijmen Zeldenrijk. The Historical Festival is a biennial event in Vreeland, Holland. We used this opportunity to share our missions to the people that visited our booth.

CHRISTMAS MARKET AT THE VILLAGE FESTIVAL IN VREELAND.

Many people found their ways to the Harvest Catering stall. Ade Linda (WH director)'s satay has gradually become an indispensable part of Vreeland during celebrations and parties. Everyone said they are already looking forward to next year! In addition to the satay, the noodles, and the many tasty snacks were also enjoyed by many. And of course, the proceeds benefit the goals of the foundation. We (Ade Linda and Gerrit Boelhouwer) thank the Orange Committee Vreeland for inviting us to participate. And also special thanks to all our indispensable volunteers! We look forward to seeing you again at the Christmas market in our beautiful Vreeland!

WORLD HARVEST USA HIGHLIGHTS OF 2021

INDIA COVID-19 CRISIS RELIEF

It was starting in March 2021 when India became an epicenter of 2nd wave Covid in Asia. World Harvest CEO, DR Daniel Hanafi, was moved by the conditions in India and initiated a fundraising for Covid Crisis Relief. In short period of time, we were able to ship 100 units of oxygen concentrator machines to Guntur India in partnering with Sow the Seed, a nonprofit organization in Guntur India, we have helped poor and needy families that needed oxygen in Guntur and Mumbai during the severe lock down situation.

INDONESIA COVID-19 CRISIS RELIEF

Two months later, people in Indonesia experienced their version of the delta variant upsurge. With the help of our donors, we were able to send 355 oxygen concentrator machines to various hospitals in Indonesia – Jakarta, Semarang, Surabaya, Kudus, Purwodadi, Balikpapan, Samarinda, Gorontalo, Nias, Riau, Makassar, Manado, Sorong, and last but not least, Adonara & Ruteng in NTT. Because of your generosity, we were able to save countless lives.

STOP HUNGER

In many parts of the world, Covid-19-related lockdowns create a loss of income and extreme food insecurity for the poor. Our "sponsor a family" program tackles this crisis by teaching families sack farming methods and helping increase their food security, especially for slum dwellers, who do not have the space or water supply for regular farming.

About 310 families enjoy higher food security as they learn sack farming from our Community Development Agents who visit them regularly to ensure the success of this #STOPHUNGER project.

AFGHANISTAN REFUGEE RELIEF

A major disaster relief project initiated in 2021 is the Afghanistan refugee relief. We help Afghan refugees who are fleeing from their homeland into Pakistan, providing Basic food supplies, medical service; and shelters are provided for thousands of Afghan refugees, 80% of whom are women and children.

NEW SPONSOR A CHILD (SAC) COMMUNITY IN MUMBAI

SAC employs a holistic approach in which our community development agents personally engage in the children's communities and families. The children live in a slum area in Mumbai and do not have the privilege to go to school because the families are so poor, therefore we opened a tutoring class for over 30 students so that they can keep up with their education.

SAC UPDATES AROUND THE WORLD

Children in Pakistan thank their sponsors for their continued support.

Children from Sierra Leone thank their sponsors for their continued support.

WORLD HARVEST USA HIGHLIGHT OF 2022

NEW HASSANABDAL SCHOOL - PAKISTAN

More than 100 students from Playgroup to High School enjoy the new school building after the previous building was sold by the landlord. By the grace of God, WH USA managed to fundraise to buy a new building in Hassan Abdal, Pakistan. The new building cost around \$70K.

AFGHANISTAN EARTHQUAKE RELIEF

In late June 2022, another tragedy hit the eastern part of Afghanistan; a 6.2 magnitude earthquake struck the provinces of Paktika and Khost, killing more than 1,100 people and injuring more than 6,000 people. Due to poor construction, more than 10,000 homes were destroyed in the earthquake. Survivors and injured individuals were transported to local clinics that struggled to cope with the number of patients and did not have the adequate staff or medical equipment to handle the scale of this disaster. But through this tragedy, an open door was provided for us to establish our base of operation in the town of Gyan.

This marks the first time that WorldHarvest is able to enter and to operate in Afghanistan. More than 200 canvas tents were distributed to help shelter survivors who lost their homes. In the midst of this tragedy, God continues to open doors of opportunity to share the Gospel of Christ and to allow us to be His hands and feet to the people of Afghanistan.

PAKISTAN FLOOD RELIEF

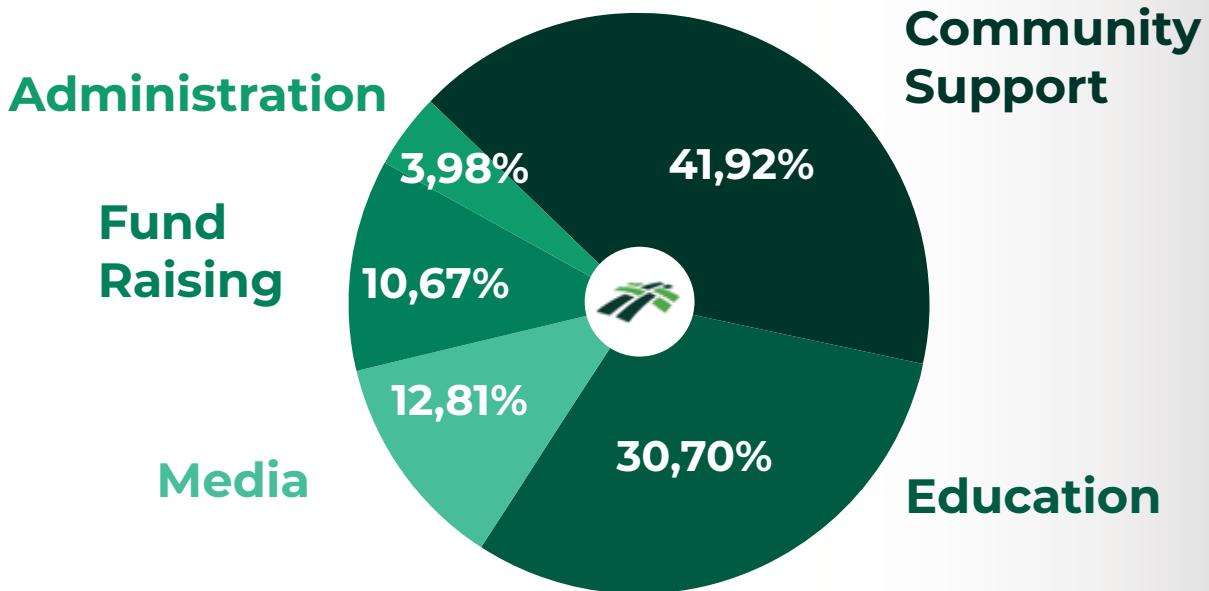

Since Mid-June 2022, one-third of Pakistan has been battling its worst flooding in at least a decade. Flash floods have washed away roads, homes, and crops leaving a trail of deadly havoc across much of Pakistan. The death toll in Pakistan's floods has killed more than 1,700 people, and a third of them are children. Many families are struggling to survive as a climate disaster unfolds in Pakistan. World Harvest has been on the ground in Fazilpur (Punjab Province) and Mirpur Khas (Sindh Province), and six other cities to deal with this crisis. Our team has sent essential care packages such as bottled water, food supplies, tents, sanitary pads for women, and mosquito nets. So far, World Harvest has been able to help a total of around 625 families or more than 5,000 people with the help of donors.
